**NAFEMS Nordic Regional Summit 2010:
Trends and Future Needs in Engineering Simulation,
October 26–27, 2010, Gothenburg, Sweden**
organized by NAFEMS

BETA CAE Systems SA is proud to be an Event Sponsor of the NAFEMS Nordic Regional Summit 2010.

The NAFEMS Nordic Regional Summit 2010 will be held at the Radisson Blu Scandinavia Hotel in Gothenburg on 26th & 27th October 2010. Entitled "Trends and Future Needs in Engineering Simulation", the Conference will give delegates an unrivalled independent insight into best practices and state-of-the-art which consequently show upcoming trends, tendencies and necessary future needs in FEA, CFD, MBS and associated technologies.

Attendees are welcomed to visit our booth and be informed about the latest developments in CAE pre- and post-processing and about new solutions in Simulation, Process, Data and Resources Management. Among the excellent works to be presented will be two papers from BETA CAE Systems:

"A holistic approach to Post-Processing of FEA results – Current trends" by V. Pavlidis & D. Siskos, and

"Addressing Robustness in Vehicle Simulation Models" by S. Seitanis
