# BETA CAE Systems announces the availability of extended CT license-keys for the CAD data to ANSA translators of versions 13.05, 13.1.0, 13.1.1 and 13.1.2

About this update

BETA CAE Systems S.A. announces the availability of an updated CT license key for the CAD data to ANSA translators of the discontinued versions 13.05, 13.1.0, 13.1.1 and 13.1.2, which are based on the technology of CT Core Tecnhologie GmBH.

The previously released CT key for those software versions was active until June 9, 2015.

The new updated CT Key provides validity until the 30th of September 2020.

In order to keep the CT-based CAD data to ANSA translators of the above mentioned ANSA versions, you need to download and install the updated CT key.

This affects the translations through both our stand alone translators and through direct "Open" in ANSA.

Where to download from

Customers who are served directly by BETA CAE Systems, or its subsidiaries, may download the updated license keys from their account on our server. They can access their account through the "user login" link at our web site.

Contact us if you miss your account details. The [PublicDir] link will give you access to the public downloads area.

Detailed instructions for downloading and installing the keys follow.

Customers who are served by a local business agent should contact the local support channel channel for software distribution details.

What to download

To get the updated "CAD Data to ANSA" translators CT license keys:

- Login to your account to our server.

- Follow the [PublicDir] link at the top of the page.

- Follow the link to the sub-folder named TRANSLATORS_KEY.

- For the above mentioned versions download the libCT_2010_SP3_longer_validity.key.

The above file is dated October 14, 2015.

Installation

For the CAD Data to ANSA translators of the above mentioned versions:

- Download the file libCT_2010_SP3_longer_validity.key, following the instructions described above.

- Rename it to libCT.key.

- Place it inside the /lib/CT_2010_SP3 directory of your ANSA installation overwriting any previous file with the same name in that folder.

- There is an exception regarding v13.1.0 where the libCT.key should be placed in the /config directory of the installation.

This new key file is valid until September 30, 2020.

Compatibility

These updated license key files affect only the "CAD data to ANSA" translators of versions 13.05, 13.1.0, 13.1.1 and 13.1.2, which are based on the technology of CT (CoreTechnologie GmbH).

This affects the translations through both our stand alone translators and through direct "Open" in ANSA.
