Invitation

Already a landmark event in the calendar of CAE professionals, our International conference celebrates this summer its 10th year. Being grateful to the contributors, the participants, and the CAE community that embraced the event, we are, once again, delighted to invite you to the **BETA CAE 6th International Conference which will be held from June 10th to June 12th 2015, at the MET Hotel, Thessaloniki, Greece.**

As all our previous conferences, the event's goal is to bring the CAE Community together and to promote an international exchange of the latest concepts, knowledge, and development requirements on our software products. During the event, technical papers will be presented outlining the latest advances in CAE strategy, methodology, techniques and applications related to our products. Participants will have the opportunity to be informed about the latest software trends, demonstrate their concepts and achievements and present new development requirements.

Who Should Attend

The conference will be of interest to decision makers, strategy & methodology planners, simulation experts, applications users and researchers at the forefront of the CAE simulation for various disciplines, coming from OEMs and suppliers from a wide spectrum of industrial sectors.

Call for Papers

Technical papers will be presented outlining the latest advances and future trends in CAE strategy, methodology, techniques and applications related to our products. All those who wish to communicate concepts, methods and practices for solving the problems of the modern Industry, using our software products, are welcome to contribute to the success of this conference.

One of the authors of each paper will receive free accommodation for the duration of the event, as a speaker, courtesy of BETA CAE Systems S.A.

Registration

In order to keep a low overall budget for all the participants, there is **no participation fee**, but registration is essential for the organization of the event and the accommodation arrangements.

One of the authors of each paper will receive **free accommodation** for the duration of the event, as a speaker, courtesy of BETA CAE Systems S.A.
