2009 ANSA & μETA Nordic Open Meeting, December 3, 2009, Göteborg, Sweden

This year, BETA CAE Systems SA has the pleasure to invite you to the 3rd Nordic customers and users meeting that will take place on December 3rd, 2009 at Quality Hotel 11, Göteborg, Sweden. This open event aims to introduce the latest developments in ANSA and μETA pre- and post-processing suite, to showcase its application in various CAE disciplines, and to give participants the opportunity to have a face-to-face discussion with our engineers. For more information, please [download](#) the invitation and agenda.

Abaqus User's meeting in Israel - November 25, Herzelia, Israel

BETA CAE Systems SA is sponsoring the regional Abaqus Users meeting in Israel that will take place on November 25th in Herzelia. During this event Mr. Sam Saltiel of BETA CAE Systems will be giving the presentation: "An outlook to state-of-the-art pre- & post-processing solutions for Abaqus". For more details about the event, visit: <http://www.adcomsim.co.il>

Recent events

Open Source CFD International Conference 2009, November 12-13, Barcelona, Spain

This year, once again, BETA CAE Systems SA sponsored the "**Open Source CFD International Conference**" organized by ICON CG Ltd. The audience demonstrated a high interest in the presentation given by Mr. Evangelos Scaperdas of BETA CAE Systems, "**Advanced CFD Pre-processing Solutions For OpenFOAM**". We would like to thank all the participants who visited our booth and showed their interest in our software products.

SIMULIA 2009 Michigan Regional Users Meeting, November 10, Plymouth, MI, USA

Participants at the SIMULIA's 2009 Michigan Regional Users Meeting had the opportunity to attend the impressive presentation "**Unified FEA to accelerate Automotive Development**", given in co-operation by Simulia and BETA CAE Systems. A complete modeling path, from SIMULIA's SLM, to ANSA pre-processing, Abaqus solvers and μETA post-processing, for different disciplines, was demonstrated. An extended live-demo session given by Mrs. Irene Makropoulou of BETA featured in this presentation.

BETA CAE Systems USA Inc. was one of the numerous sponsors of this event.

We would like to thank all the participants who attended the above presentation and showed their interest in our software solutions by attending our second presentation: "**ANSA & μETA for Abaqus**", given by Mr. Michael Giannakidis.

%

3rd International Transmissions Conference - Power Transmissions '09, October 1-2, 2009, Halkidiki, Greece

BETA CAE Systems SA sponsored the **3rd International Transmissions Conference**, organized by the Balkan Association of Power Transmissions. The contributed paper of Nikolas Drivakos of BETA CAE Systems S.A. and of Gerhard Camp of **VOLKSWAGEN AG**, "**Modeling Gearbox housing for FEM-analysis of Stress and Deflection characteristics**", proved to be particularly useful to the audience as it demonstrated a highly efficient applied methodology.

Alliances

VISTAGY and BETA CAE Systems Enhance Integration between Analysis and Design for Developing Composite Products

Vistagy and **BETA CAE Systems SA** announce their co-operation for interfacing VISTAGY's **FiberSIM**[®] composites engineering software and BETA CAE Systems' ANSA CAE pre-processing software. Partnership will enable manufacturers in automotive, aerospace and other industries to optimize the use of composites for new and complex applications. For more details, please refer to the press release: www.vistagy.com
