

## BETA CAE Systems partners with Anna University

Chennai February 24, 2023

BETA CAE Systems India and Anna University, with the presence of representatives of the Board of BETA CAE Systems International, signed a Memorandum of Understanding (MoU) for the proliferation of the knowledge in the domain of computational engineering.

This cooperation framework enhances the training of the students in the latest technologies and practices in Engineering Simulation. BETA CAE Systems will support the educational programs of four training centers of Anna University departments and constituent colleges, with software, educational material and know-how. This initiative aims to meet the ever-increasing demand of the industry for engineers experienced in BETA's software.

"This MOU signifies the beginning of a most promising co-operation, about which we are very excited" says Stavros Kleidarias, CEO of BETA CAE Systems India. "Our mutual intention is to maintain a sustainable partnership between Anna and BETA. BETA, as an Industry & Technology partner of Anna, expects that our combined efforts will increase the employability of the students at Anna University in a niche field".

### **About BETA CAE Systems**

BETA CAE Systems transformed CAE by introducing revolutionary automation software tools and practices into Simulation and Analysis processes more than 30 years ago.

Committed to our mission to enable engineers to deliver results of high value, we continue to offer state-of-the-art, high-performance software and best-in-class services. Our simulation solutions liberate low risk and high Return-On-Investment innovation. The ground-breaking technology, the excellent services and our high standards of business ethics are the three pillars on which BETA was founded and grows since then.
